Grievance *

** Members appointed when needed*

If at any time you feel that you cannot serve on any of the committees to which you have been appointed, please notify the Recording Secretary of the Board so that other arrangements may be made.

Committees themselves have no decision authority. What they can do is carefully organize information regarding an issue so that it is presented to the full board in a manner that accelerates the disposition of the issue. Each committee can be critical in saving time for all of us.
